attempts to show the
many different images of
Circle students; their ideas
of themselves, their attitudes
toward each other and the
campus, and their reactions
to what is going on around
them. **circa** presents this all
within the particulars
of 1972-73,
the events on campus,
in Chicago, in America,
and in the world,
which made this a year to
be remembered.

Poem of Deep, Deep Happiness Felt
Today May 18th on the Campus of
The University of Illinois
at Chicago Circle

Your father's strolling through a brick and concrete crater,
Luke, that could be on the moon.
That moon this noon no bigger than your thumb.
No cloud
in this vast
wilderness
of sky
as far as eye can find.
On our way home
from the Morton Arboretum-
living museum for all the shrubs and trees-
stands an immaculate white tower full of water
taller
than ten trees,
its bulbous top a whale's egg
or postcard of Brancusi's Muse reposed
blown on a hill of ants.
The tower is a monument to clouds.

summer

Ah summer! A time of relaxation, of sun and fun. A time for tennis, beaches, motorcycles and freedom. A time to slow down. Unless you're the average Circle student. Then summer means work. It becomes a time for full-time jobs, long hours and little play. A time to store up the bills so you can get through the next school year. And sometimes it's a chance to take those classes you need to graduate. At Circle, summer is winter and winter is summer and there doesn't seem to be any in-between for us. We keep on truck'in all the time.

Many programs were offered for the community groups around campus. Volunteers, working through the Educational Assistance Program, funded by the government, aided the blind, Latin groups, youth councils and Black organizations. The neighborhood Relations Office sponsored a Community Clean-Up and Fix-Up program, their main aim being to instill a sense of pride and accomplishment in the young people of the community. Along with these civic projects, the Student Affairs Office, working with volunteer students, helped sponsor Project Read. This program involved personal contact with the slow reader, the child who needs encouragement and understanding. These social workers supplied an abundant amount of both.

This summer new classes were added to the list of the available courses offered at Circle. The Special Education department presents such classes as: a survey of the characteristics of the exceptional child; the child with special learning disabilities; characteristics of the mentally retarded child; and the psychology of the maladjusted child. These courses were directed to persons interested in closing the gap between teacher and student.

Chancellor Cheston received confirmation of the retention of Circle's Quarter System. There had been plans to begin a semester system in the near future, however after an investigation by the Senate and the consideration of student disagreement, the decision was to keep the school calendar as is.

Student Government announced itself to the student body on July through the celebration of P.T. Barnum Day. 10,000 tootsie pops were handed out. The philosophy behind this action was stated by SG treasurer Alan Nelson: "If you give someone a sucker, they'll remember you." We asked a Circle student if this was true, his reply was, "Nelson who?"

Another first occurred this summer. The production of the first full-length animated sex film was seen on screens around Chicago land, namely Fritz the Cat.

freshmen weekend

"We offer you people," is what Freshmen Weekend promises. Sponsoring two weekends prior to Fall Quarter, F.W. gives freshmen and transfer students a chance to become acclimated to Circle life. The members of Freshmen Weekend, both upperclassmen and faculty and administrators, try to bring out the human element at Circle and pass it on to the new students. They emphasize that the college experience at Circle can be much more than books, long lines and the Pier Room. Keeping to this philosophy, Freshmen Weekend also sponsors events during the year to bring the students, new and old, and faculty, and administrators, together. Freshmen Weekend develops a feeling for Circle and is the beginning of friendships that will last long after graduation.

chicago circle players

The **Circle Players** started their 1972-73 season off well with a presentation of *The Three Cuckolds*, playing to a capacity audience. Other productions for the season included: *Children of Darkness*, *In White America*, *The Resistable Rise of Arturo Ui*, and *As You Like It*.

These students of the University of Illinois at Chicago Circle were among those who lost their lives in the commuter train accident on Monday morning, October 30, 1972.

The university community offers its deep sympathy to the families of these students and to their classmates and teachers.

Our sorrow extends also to other families of this urban region who were affected by the tragedy.

Because of a lack of student and administration interest, there was no homecoming this fall. The Alumni Office did, however, sponsor its annual party at Papa Charlie's in lieu of the traditional homecoming. All members of the Football team, alumni of UICC, and students and administrators at the day's game were invited. It was a celebration without any fringe hassle.

The prominence within Chicago culture which is associated with the Circle has always attracted people of reknown to its campus. The international and national religious leaders, the concerned social figures of the day, the politicians, the political activists, the doctors, the lawyers, the Indian chiefs, have all ventured through Chicago Circle. Among those to visit this year...

Dan Walker spoke on campus during his campaign for the office of Governor.

Senator Charles Percy rustled up some votes and heated arguments with his discussions and speech-making.

With the proposed tearing down of RAB, not only the cockroaches and students were forced to move. The Office of Admissions and Records finally became readily accessible to students in its temporary(?) headquarters at the south end of the Library.

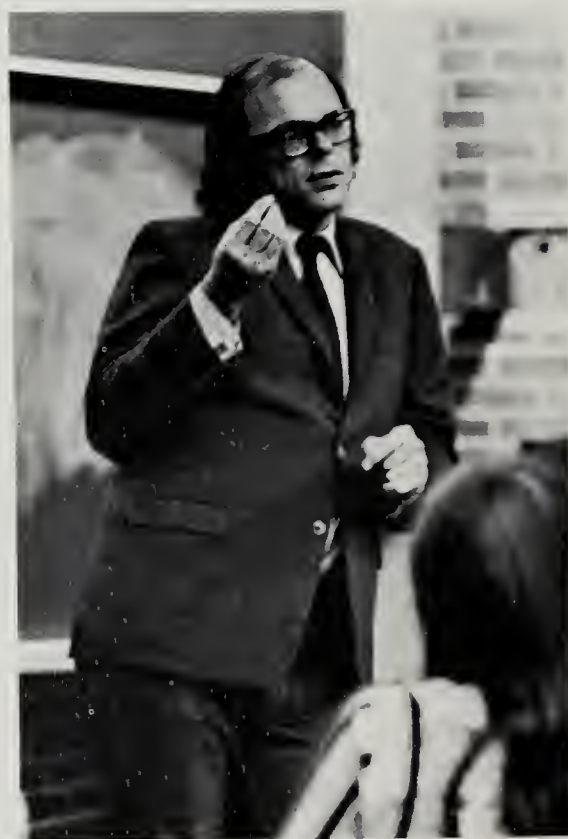

The new OAR offices are to be in the proposed Student Services Building, to be located on the tract of land south of the Eisenhower Expressway and west of Halsted Street. Chancellor Cheston is also thinking of moving his office from the 28th floor of University Hall into the new building.

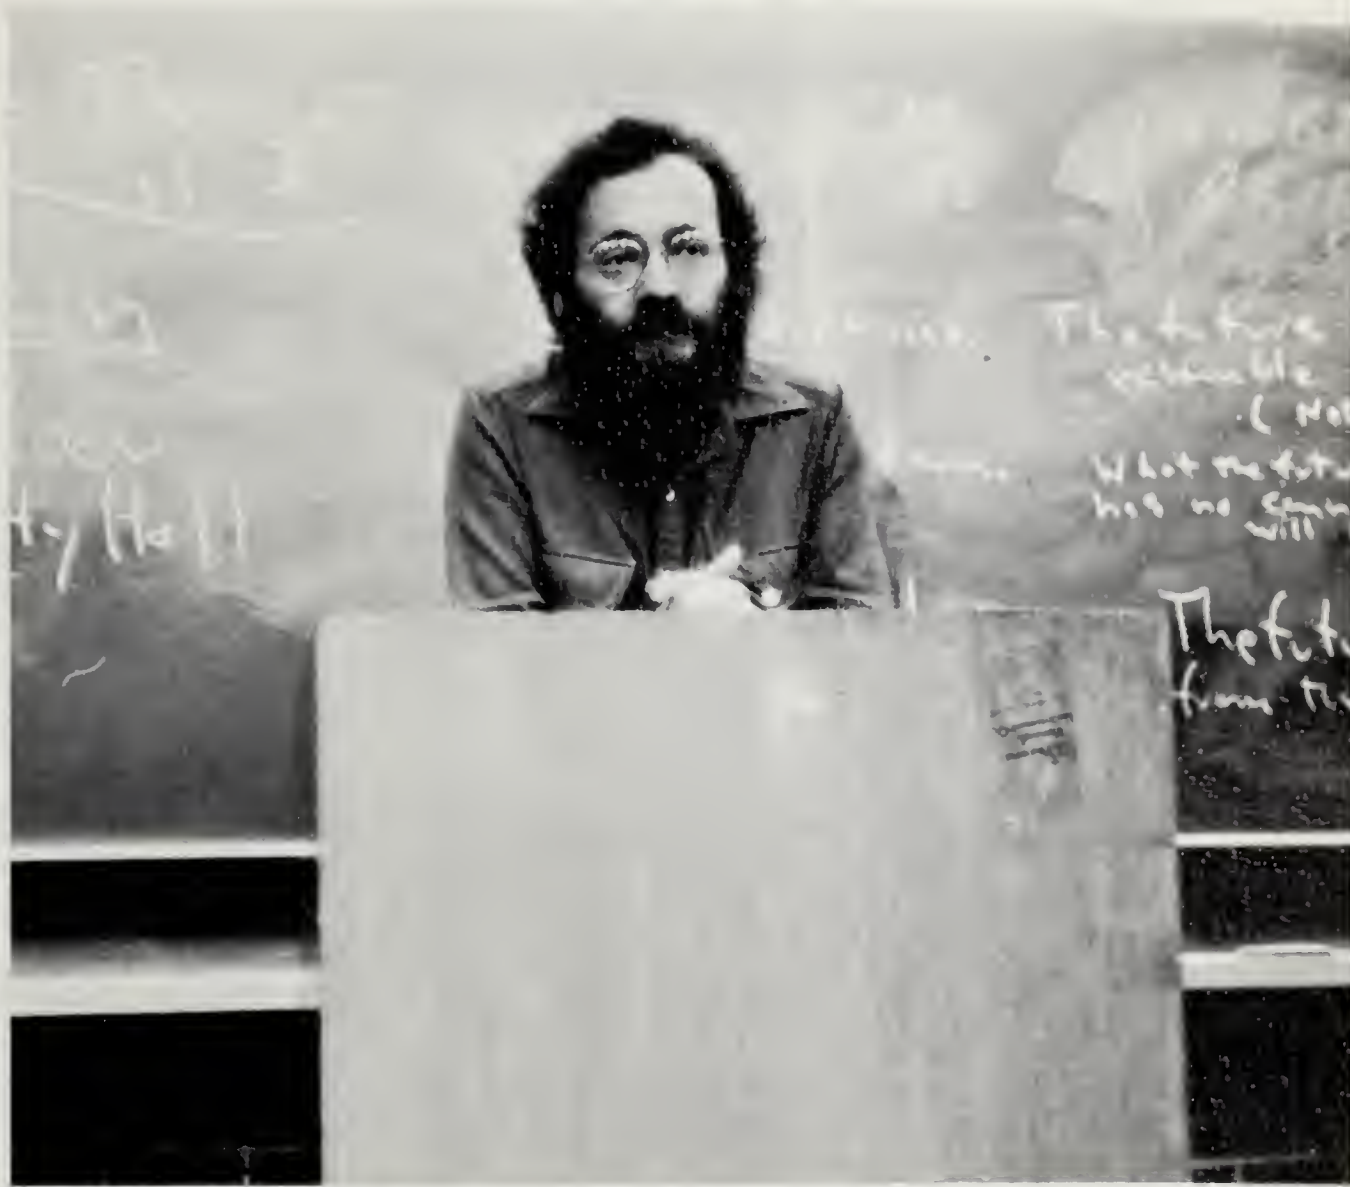

Free sickle cell anemia tests were offered by the UICC Health Service to all faculty, staff and students.

University President John E. Corbally officially declared war on commercial and private term paper sales.

Well, it's about time!!! The parking priority list was eliminated and key cards may now be obtained only on a first come first served basis. The Fall quarter waiting line started early Sunday evening; the office opened at 8:30 a.m. Monday. About 3000 students obtained key cards.

On-campus voter registration added some convenience to the hassle of exercising one's civic freedom/duty.

The new Law Center started having financial and legal problems early in the year. Things began to look bleak.

44% of all Circle students are receiving some form of financial aid, whether in grants, scholarships or tuition waivers.

The formal process of admission will no longer be necessary for students transferring between the Circle and Urbana campuses.

Tuition refunds are no longer made after the tenth day of instruction for the quarter. So if you're leaving Circle or plan to change your full time status by dropping some courses be sure to do so before the end of the second week.

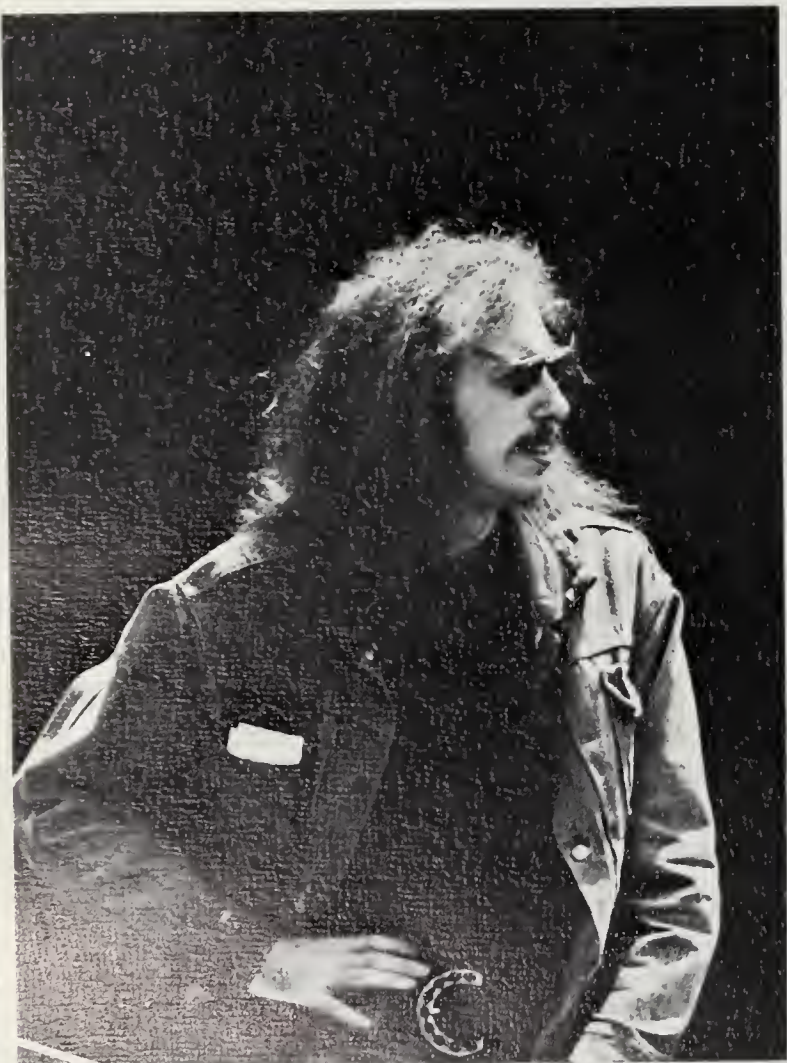

A new study lounge has been set aside on the third floor of the Center, right above the east billiard tables.

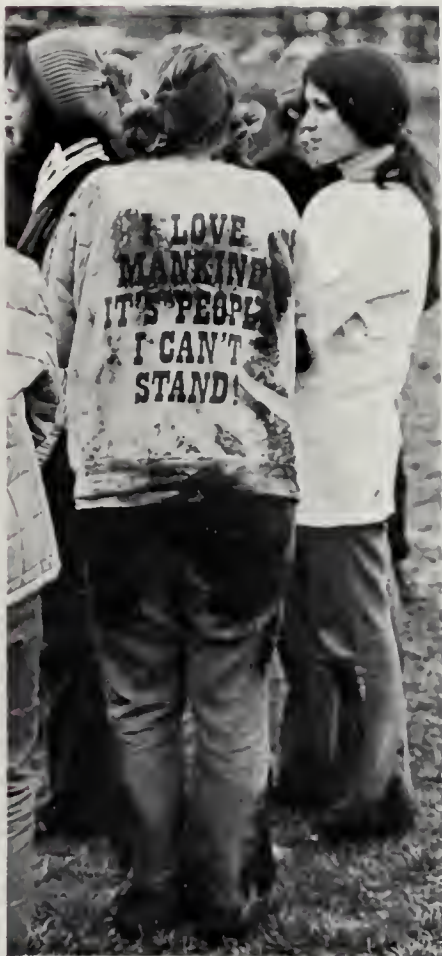

Jane Fonda spoke to an overflowing crowd in the Illinois Room this Fall. Ms. Fonda summarized her feelings on the Vietnam War by saying, "I don't care who ends the damn thing as long as it ends."

Tom Smothers appeared on campus to support George McGovern's Presidential candidacy. He urged the audience, which packed LC A-1, to work for McGovern, stating that "...if Nixon is re-elected, my brother and I certainly won't have another TV show for four years."

Sherman Skolnick presented a series of lectures on civic investigation. His original outline for the seminars was:

1. Records, public or otherwise, and how to shake them loose
2. Who owns and operates the banking system
3. Court records, what they contain and show
4. Tracing the movements and money of spy government
5. Assassination research
6. Records and information on corporate ownership

Unfortunately, due to a combination of dwindling attendance and lack of support from previous backers of the lecture series, the seminars were reduced from the originally planned ten week duration.

The Circle K was formed this fall. It is Circle's chapter of the college level Kiwanis affiliate.

Republicans swept the U. of I. Board of Trustees offices. Those elected were Ralph Hahn, Park Livingston, and Jane Rader.

skiing illini

Numbering over 250 members each year, Skiing Illini is the largest active organization on campus. Although the prime objective of the club is to organize ski trips for students and faculty, it plans various activities during the spring, summer and fall. Bike hikes, canoe trips, bowling parties, camping outings and party parties are some of the fun things that keep the group together during the off season.

Pictured on the opposite page are the officers of the '72-'73 season. L to R, Treas. Carl Pretzel, Sec. Connie Pogar, Pres. Jim Dillon, V. Pres. Eric Drogos.

The Student Government Assembly impeached one of its members on February 7 by a vote of 11-2. Rob Freeman, Student Government Member-at-large, was indicted by the S.G. Internal Proceedings Committee (IPC), which submitted majority and minority reports that called for censuring Freeman and removing him from office. Freeman was accused of using the name of Student Government to further his personal interests, of being irresponsible in action as chairman of the Note-taking Service and of disregarding Student Government's by-laws and methods of procedure.

Michael J. Bakalis, Student Superintendent of Public Instruction, chose two UICC students, Edith Terwilliger and Philip Steffen, as the first student representatives to public higher education governing boards in Illinois. Steffen will represent Bakalis at the U. of I. Board of Trustees' meetings, and Ms. Terwilliger will attend the Board of Regents' meetings. Bakalis, a staunch supporter of student involvement in the governing of education programs, sees these appointments as not only fulfilling a real need within Illinois' educational system but also as setting a precedent for other governing boards to adopt.

Although the Illinois Board of Higher Education's proposed budget for 1973-74 is higher than last year's by 6.77%, the increase is insufficient for continuance of programs at their present level. Unless the Illinois General Assembly grants additional funds to the U. of I. campus growth will suffer in the crunch.

Ron Owens, new Assistant Dean of the Office of Veteran's Affairs, is very optimistic about OVA's future. He hopes to expand job placement by enlisting greater support from the Illinois State Employment Service. Other possible improvements: more refresher courses, and more relevant, new-student orientation programs.

Senior Kevin Dean, an education major, was presented the Most Valuable Player Award for the 1972-73 Chika basketball team. Averaging 12.2 points and 6.7 rebounds per game, Dean also led his squad with a .525 field goal percentage.

Two records were set by Circle trackmen as the team went on to place eighth in the Illinois Intercollegiate Championships. Long distance runner Wayne Saunders won the Intercollegiate steeplechase in a record time of 9:05.4. He also placed second in the 3-mile run with a time of 14:16.5. Sprinter Burham Green, also set a Circle track record, his was in the 100 yard dash.

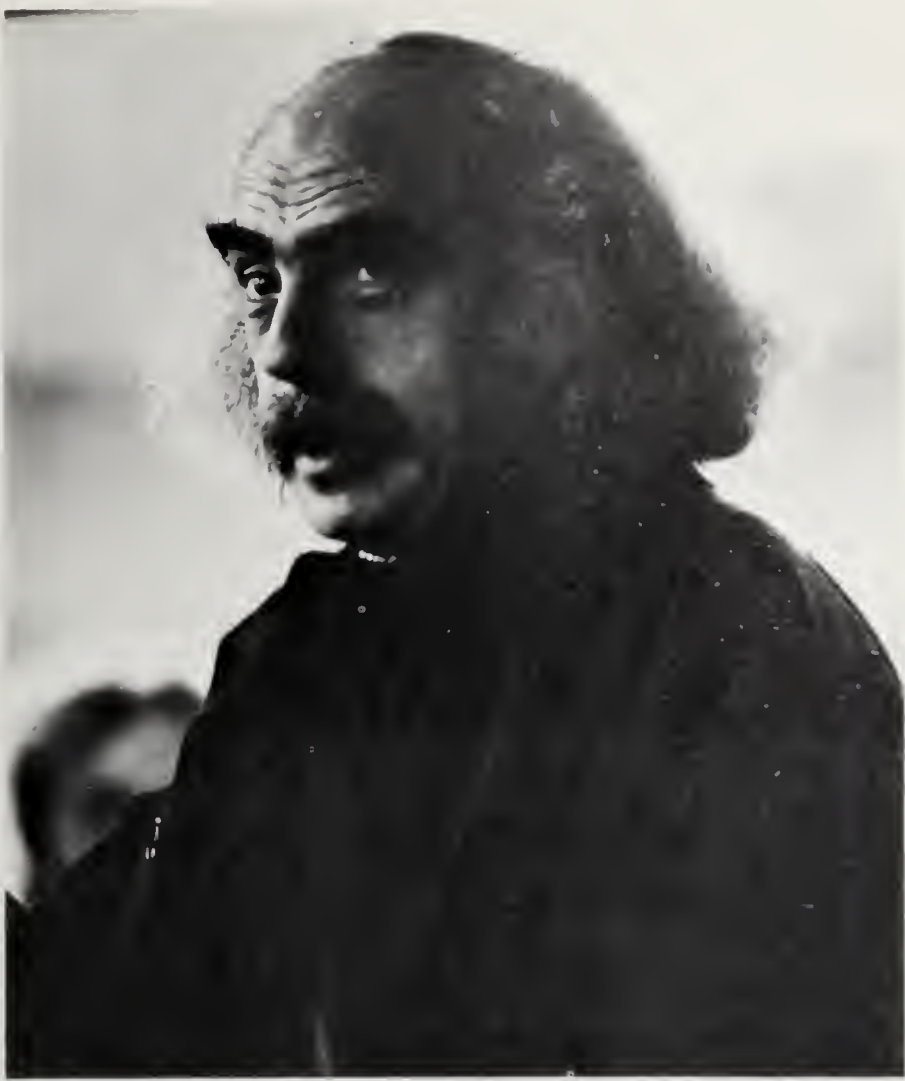

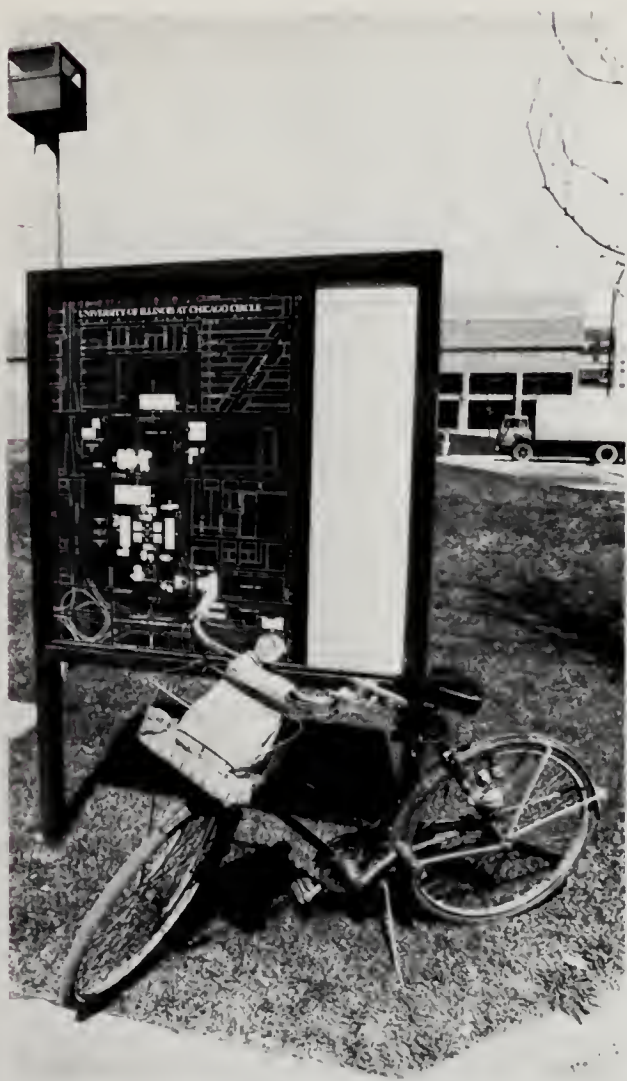

The X-Tasy Party's victory celebration, attended by about 250 UICC students, was held at Alice's Revisited. Highlights included live music, and plenty of food and beer.

The Chika baseball squad finished the '73 season with a disappointing record of 10 wins and 20 losses.

The Circle aquatics team received the highest award possible at the International Aquatic Art Festival held in Winnipeg, Canada. This honor was awarded for the composition "Truth Is Marching On," and a Second Class Honor was presented to Circle's team for the number "The Dixie Belles," a stroking composition.

For the second straight year, Circle's golf team completed its season by capturing the Chicagoland Intercollegiate Golf Tournament title. Mark Eason tied for first with scores of 78 and 82, totaling 160. However, in a sudden death playoff, he lost on the first hole and consequently dropped to second place. Leroy Sanders finished third with an 80-82-162 total. The Chika's season record was an excellent 13-4.

Circle made national headlines this past March—but not in a favorable light. UICC graduate student and teaching assistant, Harold Miller, was arrested in Asheville, N.C. after he purchased a twelve year old girl for \$30,000. He allegedly sought to marry her.

The present system of granting academic rank and tenure to members of the academic support services is under study by an all-university committee. Those under review include members of the library, OIR, computer center, student counseling and health service.

A new policy on confidentiality of student records was approved by an Executive Committee and Chancellor Cheston. Under the provisions of this policy, an outside party can only learn whether a student is enrolled at the University and if he has received any academic honors. Only if the student has consented to the publication of his address and phone number in the student directory may this additional information be released. Information dealing with the student personally, such as his grades, academic programs, class schedules, unlisted phone numbers and addresses, and medical, psychiatric, and disciplinary reports will not be publicly released.

Chancellor Cheston vetoed CSA's \$11,000 appropriation for the "Contemporary Political Views of Oppressed Peoples" sponsored by the Black Students Community Alliance. Cheston agreed to spend between four and five thousand for the conference, but the additional sum must be appropriated from other sources.

Robert Callahan, Classics Department teacher and volunteer counselor for the experimental Liberal Arts Bachelor Degree Program, was dismissed at the end of spring quarter because of his lack of progress toward a PhD.

Although University officials and Board of Trustee members of the Art Institute are formally negotiating over the conjunction of the Goodman School of Drama with Circle Campus, Goodman students are generally against the proposal. They feel this move would jeopardize their status, and kill the unique atmosphere and nature of the school.

Graduation ceremonies were held at the Chicago Stadium on June 10th, 1973.

The "White Elephant," otherwise known as the SES-SEL walkway covering, is in need of repair. Loose frame pins cause the covering to vibrate every time there's a slight wind. The entire structure had to be tied down with guy wires.

Crazy Steve Productions and Student Government sponsored a free rock concert held in "X-Tasy Park," the field across the street from SEL. Featured bands included: Siegal-Schwall, Son Seals, Buddy Gur and Junior Wells. The Houserockers, Heartsfield and Hound Dog Taylor were also there.

Four Circle students presented their artwork in an exhibit entitled, "Where have all the hippies gone?" The showing was held in the Ward Gallery and featured artists were Maria Musielak, Ben Shabanov, Danna Thompson and Vic Bider.

"Deep Throat" star, Linda Lovelace, was interviewed on campus by Circle student Graham Carlton. Ms. Lovelace was promoting her book, "Deep Throat," and also the flick "Deep Throat II."

Georgia's Democratic State Representative, Julian Bond, spoke in the Chicago Illini Union on the topic of "Politics 1973."

Kathleen A. Steven, a junior at UICC, was named the Gordon Lee Goodman Scholar in History for 1973. This is the highest honor available to undergraduate students.

Sophomore Mary McGrath was selected to try out for the U.S. Women's Volleyball Team competing in the World University Games in Moscow this August. Mary will attend the training camp in July as one of eighteen collegians competing for the twelve team positions.

The fifth annual Quitana Sweepstakes were held during spring quarter. Candidates for worst administrator, worst teacher, and worst T.A. were numerous.

Charlotte Eileen Holey, a UICC student, was awarded the Maria Leonard Fellowship. She plans to apply the fellowship to her studies at Rush Medical School.

american marketing association

Alpha Kappa Psi is a nationally affiliated professional business fraternity open to male students attending UICC. Through the development of a strong rapport among the brothers and their involvement in numerous planned social, athletic, professional and service activities, the fraternity adds another dimension to college life that is geared towards the growth, self-improvement and enjoyment of its members.

The University of Illinois' Student Branch of the **American Institute of Aeronautics and Astronautics** is a professional engineering society. The majority of the members are aerospace engineering students, with students in other engineering fields and non-engineering students also represented in the membership. AIAA meetings and activities concern themselves with making the members, and the UICC student body in general, aware of the latest developments and advances in the fields of aeronautics, astronautics, and hydronautics.

The **American Marketing Association** is the only professional organization having a collegiate chapter in the College of Business Administration at the Circle. Current membership numbers over one hundred. Students do not have to be marketing majors to join.

The chapter of the American Marketing Association usually schedules one activity per week during the academic quarter. A typical quarter's activities include three or four guest speakers from the business world, a marketing-related film, an industry tour and several general meetings. Members receive publications.

These are:

1. *The Journal of Marketing*, a well-known quarterly.
2. *The Marketing News*, the official bi-monthly American Marketing Association Newspaper.
3. *The Marketing Club News*, the Circle Chapter newspaper.

The members are well-informed on current national, local and campus marketing news, research, developments and other achievements. Other benefits of the Circle chapter include job recruitment, resumé, and interviewing information, personal advice on both academic and non-academic matters, graduate school guidance and opportunities to attend professional conferences, luncheons and conventions. The Circle chapter bridges the academic and business environments. It allows the student to hear, see and personally meet professionals in their field. More importantly, the chapter allows its members to complement their "textbook" knowledge with "real world, practical" knowledge.

Back row, l. to r.: Thomas Pavlini, Vice President; Chuck Klapp; Ira Steuer, Treasurer; Lee Hurston; Gerald Kasper. Front row, l. to r.: Jan Deswik, President; James Evans; Mary Karnezis, Secretary; Jaro Shoji; John Condon.

illini

The Graduate Student Association is a registered student organization formulated in 1969 for the purpose of providing a channel of communication among graduate students, the University, and the community; to attend to the needs of the graduate students in the financial, social, and academic aspects of their lives; to promote intellectual stimulation among graduate students; and, finally, to act as a liaison between the University administration and outside agencies whose activities would concern the welfare and academic rights and privileges of UICC graduate students at large.

All graduate students at UICC are represented by the GSA. In the past academic year, 1972-1973, the GSA primarily solidified its organizational make-up and constitution. It has worked to establish a closer understanding and more open communication with the campus administration as to the needs of the graduate students for increased financial aid and uniformity in teaching assistantship duties.

Presently GSA is negotiating with the administration regarding the acquisition of graduate student housing. Much work has been done, but this is only the beginning.

The five GSA members pictured 'round the conference table are, l. to r.: Syed Iqbal Razvi, Vice President in charge of Committees; Charles O'Connor, Executive Vice President; Bill Schack, Treasurer; Robert Gall, President; Bob Deutsch.

As always, with a personal thanks to the *Illini* staff, we'd like to present, l. to r.: Susan Figliulo, News Editor, Janusz Maciuba, Editor; Don Markay, Managing Editor; Patrick Rigney, Writer; Dan Gresik, Business Manager; Steve Hashimoto, Photo and Graphics; Sabina Romanowska, Sports Writer.

The purpose of the **James Scholar Advisory Board** is to provide the James Scholars with a means of communication with the Director of the University Honors Program, to sponsor and organize academic and extracurricular activities, to provide a vehicle for the James Scholars to get together, and to act on complaints and suggestions from honor students.

Standing, l. to r.: Ed Truss; Greg Kukulski; Rich Miller; Mary Ann Suero. Sitting, l. to r.: Marc Nelson; Dolores Zemont, Chairman; Chris Carroll, Treasurer; Ray Strikas, Co-Chairman.

Lambda Alpha Epsilon is a fraternal organization devoted to the furtherance of professionalism in the area of Criminal Justice activities. Under the aegis of membership, with representatives from several agencies in local, state and federal jurisdictions, the fraternity sponsors public educational programs, seminars and promotional activities at many levels to encourage participation in the Criminal Justice careers available to qualified people.

Membership is restricted to people who are actively engaged in the Criminal Justice field or in a college level program related to police science or criminology.

The fraternity publishes *THE LAE JOURNAL*, which reports the activities of the organization and timely articles written by concerned persons in the Criminal Justice system.

The goals of the fraternity are to elevate the standards of personnel relating to the fields of Criminal Justice in the following ways:

1. Encouraging further educational achievement.

2. Offering incentive for outstanding work done in their field.
3. Providing scholarships for deserving persons desiring further educational achievement.

Standing, l. to r.: Paul Wallace, Region 6 President; Ed James, Chapter Treasurer; Ed Sindles, Chapter President; Al Sprengel, Chapter Vice President.

The **Newman Community** is a student organization sponsored by the Archdiocese of Chicago. Its main functions are to respond to the religious needs of the students and faculty, foster maturity among its members, and promote Christian ideals. The fulfillment of these goals is achieved by our four-point program of religious, social, social action, and educational activities. Newman is a place where students can be themselves, relax between classes, and participate in planned activities which can benefit and enhance their years at Circle.

Sitting, l. to r.: Pete Bella, External Vice President; Karen Reed, Treasurer; Roger Novak, President; Nan Card, Internal Vice President; Alexander Fiedotjew, Secretary.

Barber Shop

YOUR FIRST BABY WILL COST YOU \$26,000 By the Time He Finishes High School

THAT'S WHAT it comes to when you add up food, clothing, school, medical bills, and all the extras.

If you've got that kind of money, fine.

If not, maybe birth control can help. Birth control means having your children when you want them, and can afford them. Not before.

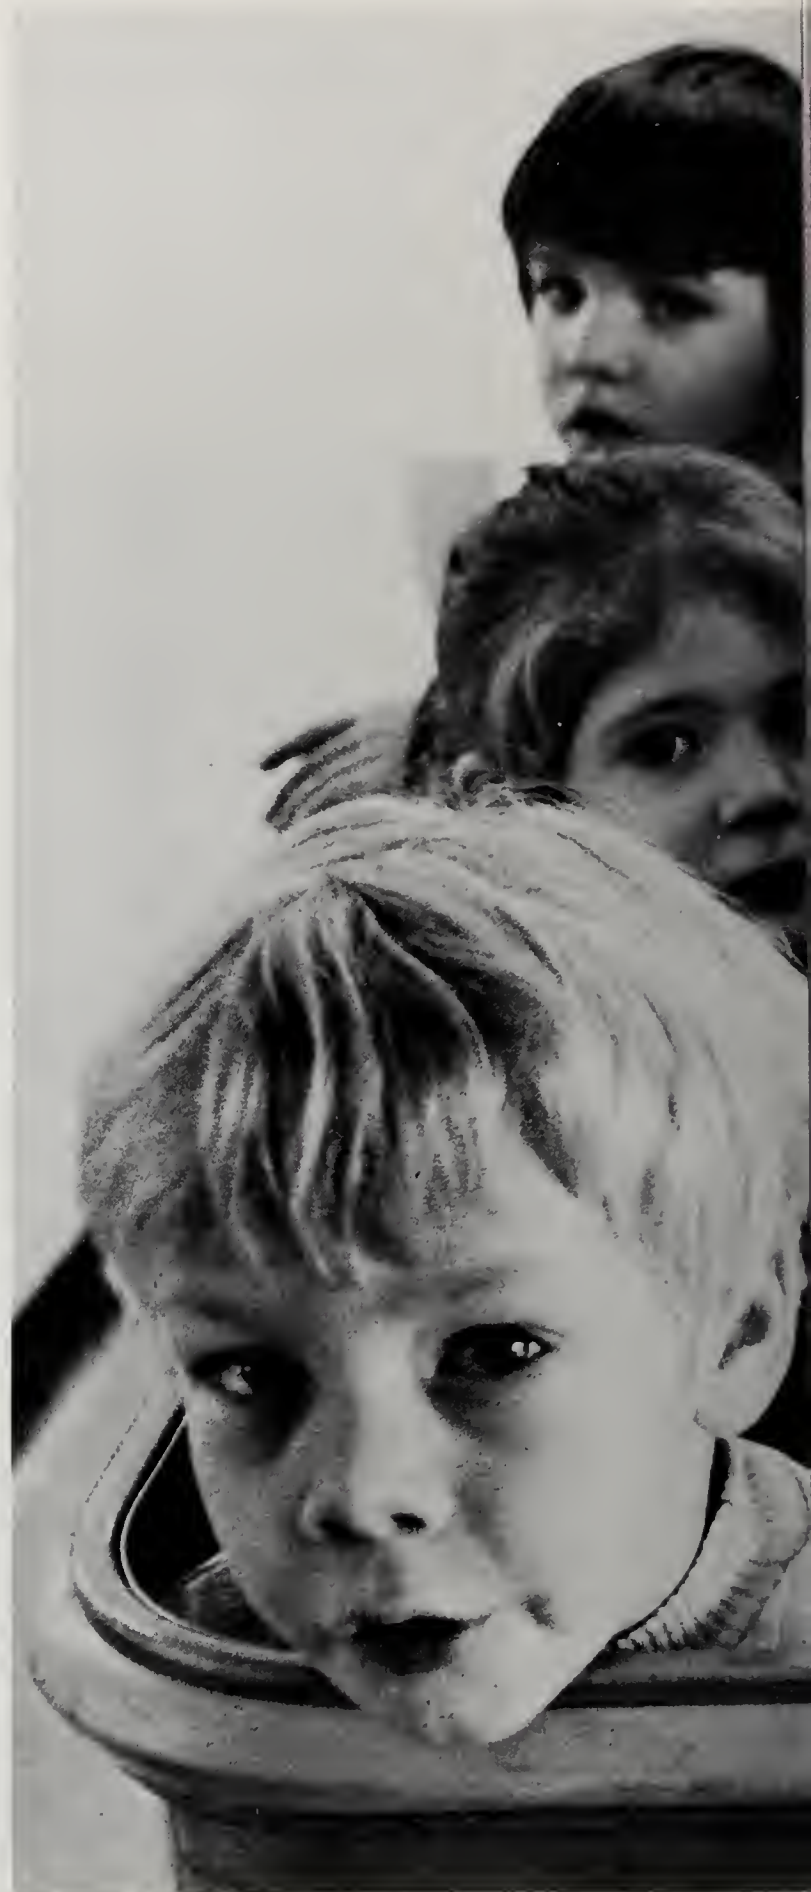

And here's something you may not know—The most widely used form of birth control in the world today is still the **man's** contraceptive. That's right, the condom is still the most popular method worldwide. It's safe. It's simple. No side effects, and requires no prescription.

And now there's a major new development in men's contraception:

PRIME. Highly effective and discreetly packaged, Prime is made by one of the world's leading manufacturers of men's contraceptives; it meets the most exacting government specifications.

What's more, Prime and other top-quality brands are available through the privacy of the mails.
